May Bird Among the Stars: Book Two	Jodi	Anderson	9780689869242	May Bird has always been a bit . . . different. While most of her classmates were riding their bikes, she was running around the West Virginia woods, dressed as a warrior princess with her hairless cat at her side. And while most of her classmates were spending their summer vacations going to birthday parties, May was discovering a mysterious lake hidden among the trees -- and stumbling into the land of ghosts, the Ever After. A fearful and fantastic realm located among the stars, the Ever After is full of phantoms and poltergeists, ghouls and goblins, and all manner of things that go bump in the night. And if May is to find her way out again, she must reach the mysterious Lady of North Farm, who lives in a cold, forbidding land that even the spooks find spooky. With her courageous (yet melancholy) kitty and a ragtag group of spectral friends she's picked up along the way, May is determined to escape the Afterlife. But her travels will bring her face-to-face with her worst fears: a devious pursuer; a truly horrifying dance party under the sea, hosted by the Bogey (aka Boogie) Man; and the Ever After's terrible ruler, Evil Bo Cleevil. And when all of these things collide, there's no telling who will find courage to make it through. . . or who will be left behind.	Aladdin	2006-10-01

Hanna's on a mission to corrupt Rosewood's youth, starting with a very attractive sophomore. Aria's snooping into her boyfriend's past. Spencer's stealing from her family. And pure little Emily's abstaining from abstinence. The girls should be careful, though. They thought they were safe when Ali's killer was arrested and Ali's true identity was finally revealed. The Frog Princess	E.	Baker	9780439591010	I knelt on the ground at the edge of the pond. With a mighty leap, the frog landed on the ground beside me and puckered his lips. "Wait a minute!" I said, drawing back. The frog look distressed. "You haven't changed your mind, have you?" "No, no, it's just that, well, here I am. Fumbling in the small pouch attached to the waist of my gown, I found an embroidered handkerchief. I reached out and gently patted the frog's mouth clean. "You had dried fly feet stuck to your lips," I said, shuddering. "All right, let's try again." This time the kiss went without a hitch.	Scholastic Inc.

Eleanor: Crown Jewel of Aquitaine, France, 1136 (The Royal Diaries)	Kristiana	Gregory	9780439164849	Author of the best-selling Royal Diaries title, CLEOPATRA VII, Kristiana Gregory now takes readers to twelfth-century France and introduces Eleanor of Aquitaine, who becomes queen at age 15. Fourteen-year-old Eleanor of Aquitaine lives in a castle in Poitier, France, with her father Count William of Aquitaine (son of William the Conqueror), and her 12-year-old sister Petronilla. Their mother died several years earlier, so their grandmother and ladies-in-waiting raise the girls. Eleanor is extremely intelligent and literate, having been carefully educated by royal tutors. Spinning bores her, as does weaving, sewing, and other housewifery skills expected of her. She would rather be a knight and ride off to war. In fact, in 1136, when her father is invited to help invade Normandy,	Scholastic Inc.	2002-11-01		
The Miserable Mill (A Series of Unfortunate Events, Book 4)	Lemony	Snicket	9780439366793	I hope, for your sake, that you have not chosen to read this book because you are in the mood for a pleasant experience. If this is the case, I advise you to put this book down instantaneously, because of all the books describing the unhappy lives of the Baudelaire orphans, The Miserable Mill might be the unhappiest yet. Violet, Klaus, and Sunny Baudelaire are sent to Paltryville to work in a lumber mill, and they find disaster and misfortune lurking behind every log. The pages of this book, I'm sorry to inform you, contain such unpleasantries as a giant pincher machine, a bad casserole, a man with a cloud of smoke where his head should be, a hypnotist, a terrible accident resulting in injury, and coupons. I have promised to write down the entire history of these three poor children, but you haven't, so if you prefer stories that are more heartwarming, please feel free to make another selection. With all due respect, Lemony Snicket Ages 10+	Scholastic	2001-01-01

A Child Called &quot; Courage to Survive	Dave	Pelzer	9781558743663	This book chronicles the unforgettable account of one of the most severe child abuse cases in California history. It is the story of Dave Pelzer, who was brutally beaten and starved by his emotionally unstable, alcoholic mother: a mother who played tortuous, unpredictable games--games that left him nearly dead. He had to learn how to play his mother's games in order to survive because she no longer considered him a son, but a slave; and no longer a boy, but an &quot;it.&quot; Dave's bed was an old army cot in the basement, and his clothes were torn and raunchy. When his mother allowed him the luxury of food, it was nothing more than spoiled scraps that even the dogs refused to eat. The outside world knew nothing of his living nightmare. He had nothing or no one to turn to, but his dreams kept him alive--dreams of someone taking care of him, loving him and calling him their son.	HCI	1995-09-01

The Year of Miss Agnes	Kirkpatrick	Hill	9780439454568	It's 1948 and ten-year-old Fred has just watched her teacher leave -- another in a long line of teachers who have left the village because the smell of fish was too strong, the way of life too hard. Will another teacher come to the small Athabaskan village on the Koyukuk River to teach Fred and her friends in the one-room schoolhouse? Will she stay, or will she hate the smell of fish, too? Fred doesn't know what to make of Miss Agnes Sutterfield. She sure is a strange one. No other teacher throws away old textbooks and reads Greek myths and Robin Hood. No other teacher plays opera recordings, talks about "hairy os," and Athabaskan kids becoming doctors or scientists. No other teacher ever said Fred's deaf older sister should come to school, too. And no other teacher ever, ever told the kids they were each good at something. Maybe because Miss Agnes can't smell anything, let alone fish, that things seem to be all right. But then Miss Agnes says she's homesick and will go back to England at the end of the year. Fred knows what this is about: Just when things seem to be good, things go back to being the same. How Fred and her friends grow with Miss Agnes is the heart of this story, told with much humor and warmth by Fred herself. This is a story about Alaska, about the old ways and the new, about pride. And it's a story about a great teacher who opens a door to the world -- where, once you go through, nothing is ever the same again.	Scholastic

Crossing Jordan	Adrian	Fogelin	9781561452811	This moving, coming-of-age story follows a young white girl who overcomes family prejudice and cultural differences when she befriends a black girl in a small working-class town. Twelve-year-old Cassie narrates the dramatic events that unfold when Jemmie, an African-American girl, and her family move in next door. Despite their parents' deeply held prejudice against each other's family-exemplified by the fence Cassie's father builds between their two houses-the girls find they share more similarities than differences. Mutual interests in reading and running draw them together, and their wariness of each other disappears. But when their parents find out about the burgeoning friendship, each girl is forbidden to see the other. A family crisis and celebration provide opportunities for the families to reach an understanding. Author Adrian Fogelin addresses the complex issues of bigotry and tolerance with sensitivity and intelligence. Readers will find her story of how two adolescent girls, through their own example, teach racial tolerance to the adults in a small Florida town powerful and compelling. The Final Warning: A Maximum Ride Novel (Book 4)	James	Patterson	9780446194051	FIRST SHE WAS WATCHED. In this breathtaking new story from the astonishing imagination of James Patterson, a girl has to save herself from an army assembled just to capture her - and maybe save the planet while she's at it. THEN SHE WAS THREATENED. Maximum Ride is a perfectly normal teenager who just happens to be able to fly, the result of an out-of-control genetic experiment. Max and the other members of the flock - five kids who share her remarkable ability - have been asked to aid a group of environmental scientists studying the effects of global warming. The expedition seems like a perfect combination of adventure, activism - and escaping government forces who are watching the flock all the time. THIS IS HER FINAL WARNING. But even in Antarctica, enduring in the harshest weather on our planet, Maximum Ride is an irresistible target in constant danger. For whoever controls her powers could also control the world. . . . Maximum Ride is James Patterson's greatest character, a heroine who manages to be human and fearless at once.
