

The Villages® Charter School

The Villages Charter School Food Service Department is pleased to announce our Curbside Pick-up Meal Program for students participating in distance learning from home, the first meal pick up will be Tuesday November 10th. Free meals will include a breakfast, lunch and snack.

We know that during difficult times like these, it can be challenging to care for children out of school, manage your normal day to day lives and serve two meals a day for which you don't typically have time to plan. We are taking steps to help children and families with breakfast and lunch while students are enrolled in the eLearning environment. A lot of these children depend on the school for a warm, healthy meal and we want to continue that. No child should go hungry.

Parents or guardians of students participating in distance learning for the 2020-21 school year will receive an email with the Curbside Pre-Order Pick-Up Form. The pre-order window will open every Monday at 8am and close every Wednesday at 11:59am. The first pre-order will open Monday, November 2nd to pick-up the following week. Information can be found on the Curbside Q & A found under Hot Topics. Additional details will be posted shortly on the Food Service page from the school website.
