

# The Villages<sup>®</sup> Charter School

Dear Parents,

The Villages Charter School is committed to being the best. We rely on your suggestions and feedback to help us better serve our students. This year you will again have the opportunity to participate in online surveys to help us in gathering your valuable input. By participating in these anonymous questionnaires you can earn one (1) PI informational hour per applicable survey per family. The computer will automatically post your PI hour(s) upon completion of the survey(s). Your name will not be associated with the data report. The school principal will use the compiled report of anonymous responses with the teachers in planning for the next school year. The surveys will be available Monday, May 4, 2026 through Friday, May 15, 2026.

1. **School Climate Survey:** This survey will provide valuable information concerning the school's services. This is your opportunity to provide feedback about our school's programs. **Max PI hours = 1 hour per family**
2. **Teacher(s) Survey:** This survey will allow you to share information specifically regarding your child's teacher(s). You have an opportunity to give the teacher feedback on his/her work with parents and students. Parents can complete the survey for each teacher who currently teaches your child. For parents of elementary age children, you will be able to complete a survey on the classroom teacher as well as the art, music, Spanish, physical education and any special service teachers if applicable. Parents of high and middle school age children can complete a survey on all teachers who have taught your child this school year. You can complete a survey on a teacher only once but make sure you repeat the process to provide feedback on all your child's teachers. **Max PI hours = 1 hour per family**
3. **Buffalo Adventures Survey:** This survey will provide valuable information concerning our after school program. **Max PI hours = ½ hour per family**
