What Makes Us Unique

The Villages Charter School operates by a charter agreement approved by the Sumter County Board of Education and the Florida State Department of Education.

Unlike traditional county schools, our enrollment criteria is based upon the place of employment of one of the parents/guardians rather than the geographic address of their home. The Villages Charter School is a Charter-in-the-Workplace.

Parent Involvement

Each and every day you will find parents willing to go above and beyond the call of duty to support the school community. As a result, a collaborative and supportive community ensures the success of each child's education.

Categories of Enrollment

- 1 Businesses directly part of The Villages and affiliated companies.
- 2 Businesses that are direct sub-contractors to the developer.
- 3 Businesses that lease directly or own a business site within The Villages from The Villages Commercial Property Management.
- 4 Businesses that own a permanent business site purchased from a non-Villages entity or lease from a non-Villages entity within The Villages.

Our school was created to provide a quality education as a benefit to the children of the employees who have dedicated themselves to create, nurture, and serve The Villages community.

Buffalo Adventures

Lana Hood, Director
Lana.Hood@tvcs.org

The Buffalo Adventures program provides a safe, supervised environment full of enriching and age-appropriate activities for TVCS students in grades K-12. Because the program is based on choices, children gain independence and have the freedom to learn more about what interests them. We feature opportunities for socialization, sports and physical activities, exploration in the arts, and time for homework.

The Buffalo Adventures program offers after-school child care, extra curricular activities, and holiday camps that are available during many of the breaks during school.
